

B50 I / C50 IB

Vacuum Cleaner - Dust and liquids

- This vacuum cleaner has multiple applications in the construction. It is a complement to milling machines, circular saws, wall chasers, angle grinders, polishers, drills, chop saws, etc.
- The stringent regulations on pollution and working safety makes virtually essential to us vacuum cleaners.
- It includes the different accessories for every application or work.
- Stainless steel tank.
- Three independent motors (3 x 1000 W) that can be either individually operated or all of them at the same time, to achieve the required suction power.

	B50I	C50IB
	1 - PHASE	1 - PHASE
Item code	8430	8440
Motor Voltage	230	230
Frequency (Hz / Plug)	50	50
Number of motors / W	2 x 1000	3 x 1000
Water basin capacity (Ltr. / Gal.)	77 / 20,3	77 / 20,3
Net weight (Kg. / lbs.)	24 / 52,9	30 / 66,1
Packaging dimensions L x W x H (mm / in)	690 x 600 x 1000 / 27,1" x 23,6 x 39,3"	

CAT 202

Scarifier

- Handwheel adjustable milling depth.
- Multiple applications: milling, grinding, flaking, grooving, etc. of small and medium surfaces of both, concrete and asphalt or any other hard material.
- The six-tips milling cutters are highly resistant, made of strong steel with up to 58/60 HRC hardness.
- Quick milling drum lifting system, to avoid accidents and ease the machine transportation.
- It is recommended to use it along a dust vacuum cleaner, that can be connected in the outlet designed for this purpose.

* Includes milling drum, cutters and washers.
